We welcome applications from individuals who wish to participate in the Parade of Banners and Grand Opening Ceremony.

As part of the festivities of UTA International Week 2016, there will be a procession of the banners representing the many nationalities of international students. The procession will take place at noon on Monday, April 4, 2016. Starting at the UC mall/Nedderman Hall the procession will make its way to the Library Mall and pause so that our guest speaker can officially open International Week 2016.

The procession will march around the UTA campus and help attract students to International Week. You can participate by being the banner bearer of a nation's banner. If you or someone else fails to volunteer, your country cannot be represented. So apply and help International Week, internationalism at UTA, and most importantly, represent your country! While you may select any country you want, only one person will be selected to carry a given country's banner. If two or more people apply to carry the same banner, the one who turned in their application first will be granted their choice and the others will be given their 2nd choice.

Note: You will be held responsible if the OIE banner is lost or damaged while it is in your possession.
